## PREFACE

While every effort was taken to provide correct and accurate representations of the parts and assemblies in this manual, the illustrations are not guaranteed to provide exact pictures and assemblies of all components. This manual was not intended as an assembly or service manual.

Manitowoc Boom Trucks, Inc. makes every effort to provide accurate, up-to-date manuals with each machine. Because of the improvement process of the equipment, it is difficult to keep up with the changes. When ordering parts have the serial number of the machine available so that parts and service personnel can verify that the correct parts are being ordered. It is the responsibility of the machine owner/operator to assure that the correct parts are being ordered. Manitowoc Boom Trucks, Inc. is not responsible for the incorrect ordering of parts.

Manitowoc Boom Trucks, Inc. reserves the right to upgrade products as necessary for design improvement with no obligation to modify existing machines or notify owners.

**WARNING Modification of the machine without written approval of Manitowoc Boom Trucks, Inc. is a safety violation and is strictly prohibited.**
