

## Glynn General Benefits

- GGC has over 27 years of experience administrating extended service contracts. This ensures competitive premiums while also providing fair and reasonable claims reimbursement.
- GGC's knowledge and experience allows for the creation of tailor made programs to meet any need you may have with regards to extended service coverage.
- An internet accessible administrative system that is efficient and user friendly.
- GGC reimburses parts at list price and labor at the list price for your shop rate on all approved claims.
- GGC's extended service coverage provides peace of mind for your customer knowing that their equipment is protected. The extended service coverage provides consumer confidence in the equipment at the time of sale.
